Pipeline Relocation

Status as of 19 September 2016

N

The map displays the Pacific Coast Highway (Highway 163) and its relocation through San Diego. Key areas shown include Ocean Beach, Point Loma Heights, Temecula Heights, and La Playa. The project status is indicated by different line styles: solid for existing pipeline, dashed for existing pipeline, and dotted for pipeline relocation. Callouts provide specific information about work phases:

- Work phase completed**: \*Work in this area will resume in late fall 2016 for final street paving. (Green box)
- Work phase in progress**: (Yellow box)
- Work phase in progress**: \*Night work (Yellow box)
- Work phase completed**: \*Work in this area will resume in late fall 2016 for final street paving. (Green box)
- Work phase in progress**: \*Night work (Yellow box)
- Work phase completed**: \*Work in this area will resume in late fall 2016 for final street paving. (Green box)
- Work phase completed**: \*Work in this area will resume in late fall 2016 for final street paving. (Green box)

A safety notice in a blue box states: **FOR YOUR OWN SAFETY, PLEASE DO NOT ENTER THE CONSTRUCTION WORKZONE.**
